## LEADER OF BRAVES SUSPENDED FOR HIS ACTIONS DURING GAME

President Tener of National League Declines to Accept Apologies of Captain Evers as Suitable Reparation for His Remarks and Actions When Called Out on Strikes and Orders Him Indefinitely Suspended.

NEW YORK, July 8.—President John K. Tener, of the National league, announced today that he had indefinitely suspended captain Johnny Evers of the Boston club. The league executive stated that the penalty was inflicted as a result of the scene created at Boston Wednesday by Evers, when he was called out on strikes. Evers telegraphed an apology to league leaders for his actions and remarks, but president Tener refused to pass the incident without a reprimand and suspension.

It is evident that the leaders in both the American and National leagues are determined to put a stop to rowdiness on the field. This was evidenced at Washington last week when president Ban Johnson of the American league suspended manager Clark Griffith of the Senators and visited punishment on others involved in a near riot on the field.

The day following, a ruling was issued that any attempt to use the "bean ball" would result, at the discretion of the umpire, in awarding a base to the man at bat.

It is the desire of both leagues to encourage keen competition, but to keep it within limits. Ty Cobb was penalized last week for hurling his bat into the grandstand an act which

might have resulted, it was believed, in the serious injury of a spectator. It is the opinion of Ban Johnson and John K. Tener, of the American and National leagues respectively that a sport is no longer a sport when it turns into a fight or a riot.

The result of the heavy penalties inflicted will undoubtedly be to compel unruly players and managers to curb their tempers and maintain sportsmanlike conduct on the field.

## NEW YORK BOOKIES REAP HARVEST; BETTORS, AS USUAL, ARE GOATS

About 100 "Layers" Are Doing Business and They Say They Will Clean Up as Long as the Commissioners Allow Wonderful Horses To Be Raced Against Dubs; One Bookie Shows How Game Worked.

By FRANK G. MENKE.

NEW YORK, July 8.—The "layers" on the New York state tracks are reaping a golden harvest. Estimates place their average daily profit at between \$25,000 and \$50,000 since the ponies began romping around the Empire state circles, or along the straightaways.

Close to 100 "layers" are doing business. Splitting \$25,000 to \$50,000 among them means that their average daily income is from \$250 to \$500. That's a tidy little profit—and the dear, old public, as usual, assumes the great role.

The "layers" are getting richer and the public poorer, simply because of the uneven matching of horses in most of the races that have been run at the Jamaica, Belmont and Aqueduct tracks. Post time usually finds one class horse in a field of dubs; one real horse who is so far superior to his rivals that there is little or no comparison.

Odds On Favorites Common. Therefore, the "layers" make that horse a odds-on favorite and usually lay only small odds against the next three or four good ones. In one race recently, with 12 horses entered, the favorite was a 1 to 2 shot. Rarely, in any race, is the favorite quoted at better than even money. Just a short time ago eight horses went to the post and the class horse was a 1 to 7 shot. Odds-on of 1 to 2, 1 to 3 and 1 to 5 have become so frequent that they no longer excite comment.

An instance of how the "layers" are cleaning up is shown in the results of two recent races: Eight horses were entered in one field, with the favorite quoted at 1 to 2. The favorite in that race was beaten by a 4 to 1 shot. In a race shortly following a 1 to 4 favorite won. "How did you break on those races?" we asked a "layer."

"Very well, thank you," he smiled. "We're all breaking ahead these days. And we'll continue to do it just so long as the track officials permit a class horse to race against a field of ignominious. No matter which horse wins such a race we are ahead of the game. The favorite wins, we, of course, lose. What was laid on him. But our clean up on the bets on the other horses that were beaten exceeds our losses on the favorite."

Layer Smiles, and Explains. "When a long shot wins we very rarely get a beating. There are many comparatively long shots in a race where the favorite is odds-on to the public doesn't go to anyone very strongly. It splits its bets on the field. Therefore, our loss when a long shot wins, usually is less than our profit on the other horses."

The "layer" paused, did a bit of pencil on his pad and then submitted the figures to us.

"Now take the last two races," he said. "He had reference to the race we spoke about just above. A total of \$1500 was bet with me on the first race. Fifteen hundred of it was at one to three that the favorite would win. The favorite lost. Therefore, we won that \$1500 and also \$1500 which was bet on the other horses that lost. The balance—\$3000 was laid on the horse that won. I quoted 5 to 2 against that steed, which means that I had to pay back \$1250, plus the \$500 that was bet."

FELDMANS and Seventh infantry play in the Commercial league morning game next Sunday. There's a chance that "Doc" McCamant will give young Perry a chance to pitch. The photographers play the Krackjacks a practice game on Friday afternoon, starting at 5:30 o'clock, and this should be a chance for McCamant to try out Perry and for "Bridgroom" Smith, of the Krackjacks, to give Kimball a chance on the mound.

PURITYS and Everybody come together again on Sunday afternoon. This time, "Buster" Gillett will be called upon for mound duty and will try to tame the bakers. It is likely that Pete Leyva, who was so effective last Sunday, will again be sent against the clerks.

MATRIMONY seems to have made a real hit with the Commercial leaguers this year. Already, two managers have signed life contracts this year and report has it that a former manager and two of the best known infielders are contemplating the plunge in the very near future.

WALZ play Krackjacks on Sunday afternoon. Juan Gomez will likely rely on Jose Villareal, his one best bet in the pitching line, but there is a chance that one of the recruit heavies of the hardware team may get a chance.

NATIONAL guardsmen who are capable of playing baseball of the Commercial league standard will be made welcome by the team. Dr. T. J. McCamant, manager of the Feldmans, would like to hear from any of the soldiers who would like a trial or they can show up at Rio Grande park on Friday at 5:30 o'clock for the practice game. Other managers will also find room for likely players.

SAMMY BEER pitched a fine game for the Oakland team on Wednesday but Mitchell, of Vernon, pitched an even better one. Sammy allowed six hits and Mitchell four, Oakland being defeated, 2 to 0. Both teams played errorless ball and that's something of a record in the Coast league this year.

LARRY STROUER, "iron man" of the army, lost to Jack Arnold, of Deming, on a foul in the second round of their bout at Columbus on Monday night. Larry isn't making much progress up the pugilistic ladder these days.

BILLINGS, Mont., is after a franchise in the Northwestern league and the fans there have been assured of a club if they will supply grounds and raise \$6000. It is said that these requirements will be met. Report has it that the Vancouver club will be transferred. If Billings is taken in, the Northwestern league will face the biggest "jumps" of any circuit in minor league baseball. The trip from Seattle to Billings is long enough to put a crimp in the bankroll of even a major league magnate. And if Billings can support Northwestern league hall under the existing conditions, El Paso would be a money-maker in the Texas league.

EPPE RIXEY, of the Phillies, showed some class again on Wednesday when he held the Braves to three hits, the 1915 champions winning by a score of 2 to 1.

FRED WINSOR, one-time Juarez fight impresario, is now honoring Denver by a temporary residence there. Fred says that Ad Wolgast is very popular in the Colorado City. But that was written before Tuesday's fight. Perhaps Denver fans have changed opinions since then.

## CADOMENE TABLETS THE TRUE TONIC

induced fatigue, inefficient functioning of the structures or complete failure.

A profound sense of worry is perhaps the most marked and characteristic symptom of nervousness. It extends to every detail of business, amusement, food, drink, the physical state, the domestic and social relation; hardly an act or thought goes by without its disproportionate accompaniment or worry. This symptom often shows itself in the drawn and haggard, disappointed looking countenance.

In recent and chronic cases the good effects of Cadomene Tablets are felt early and every step taken is held; there is no retrogression. Strength gradually returns, fatigue is diminished, the nerves are soothed to the point of allowing restful slumber, the appetite for ordinary food returns, the unceasing worry is dissipated and the other disagreeable symptoms vanish to appear no more.

The restored individual looks once more upon life with a quiet, contented heart, sound nerves and abounding strength, nerve force and the ability to enjoy in full measure the duties of life.

Remember that Cadomene Tablets contain in highly concentrated form precisely and only those elements which stimulate and permanently strengthen and invigorate the nerve and tissue cells.

Cadomene Tablets bring about an elevation of feeling, a lightness of mood of spirits with cheerfulness and pleasure. Cadomene quickens the mind's action and braces up the physical tone without exacting any toll by a later reaction in shattered nerves.
